- + Stock Projection
- + Extended Planning Horizon
- + Report Builder

## Commercial

### Everything in Advanced

#### PLUS

- + Excess Redistribution
- + SSO

## Essentials

Includes the standard functionality

- + **Single-view Dashboard:** Gain visibility into inventory KPIs on a single dashboard, allowing you to focus on critical KPIs and align supply with demand effectively
- + **Classification Matrix:** Automatically categorize items based on sales volume and velocity, ensuring optimal inventory levels for each product
- + **Safety Stock:** Determine the appropriate amount of safety stock for each item, considering supply and demand risks
- + **Forecasting and Ordering:** Automatically select the best demand forecasting models for each item, customer, region, unit, price, cost, or margin. Intelligent analytics engines continuously learn and enhance forecast accuracy over time
- + **Opportunity Engine:** An AI-driven digital assistant that analyzes historical data to deliver actionable insights and recommendations that will make the most significant short-term impact on your business
- + **Executive Dashboard:** Offer executive teams a comprehensive overview of inventory and ordering KPIs, as well as overall sales performance

#### PLUS

- + **Supplier Performance:** Designed for greater visibility of your suppliers, with the ability to download a projection of the orders you're likely to place in the future

## \ Advanced

Includes the Essential package

### PLUS

- + **AI Pack:** Built-in AI functionality that transforms complex inventory data into clear, actionable insights, empowering faster, smarter decisions that drive profitability and performance.
- + **Advanced Forecasting:** extend your forecasting and have more control to adjust and manipulate multiple inputs to improve forecast accuracy
- + **Stock Projection:** predict inventory levels 12 months in advance based on data currently in Netstock
- + **Extended Planning Horizon:** forecast 24 months of inventory and plan for extended lead times
- + **Report Builder:** easily generate tailored .xlsx reports, delivering essential insights for your business's day-to-day operations

## \ Commercial

Includes the Advanced package

### PLUS

- + **Excess Redistribution:** identify and redirect excess stock to required locations
- + **Single Sign-on:** authenticate a user once; communicating authentication to multiple applications
